COVID-19 Update May 18, 2020

As of May 17, 2020, at 8:30 PM, a total of 38116 cases of COVID-19 have been reported among Connecticut residents. Nine hundred and twenty patients are currently hospitalized with laboratory confirmed COVID-19. There have been 3449 COVID-19-associated deaths.

Day-to-day changes reflect newly reported cases, deaths, and tests that occurred over the last several days to week. All data in this report are preliminary; data for previous dates will be updated as new reports are received and data errors are corrected. Hospitalization data were collected by the Connecticut Hospital Association. Deaths* reported to either the OCME or DPH are included in the daily COVID-19 update.
