### **East Shore District Health Department: North Branford has 80 confirmed cases, and 6 Fatality.**

As the State of Connecticut continues taking actions in response to the global spread of coronavirus disease (COVID-19), Governor Ned Lamont provided the following updates as of 7:00 p.m. on Monday, June 1, 2020:

### **Data updates on testing in Connecticut**

The following is a summary of the day-to-day newly reported data on cases, deaths, and tests in Connecticut. It is important to note that these newly reported updates include data that occurred over the last several days to a week. All data in this report are preliminary, and data for previous dates will be updated as new reports are received and data errors are corrected.

*\*\*NOTE: Beginning today, this daily update now includes COVID-19 cases and deaths broken down as either "confirmed" or "probable." Previous reports used a combined number. Probable cases of COVID-19 involve persons who have not had confirmed laboratory testing (RT-PCR) performed, but whose symptoms indicate they are very likely to have a COVID-19 infection. In Connecticut, most of the probable COVID-19 cases involve persons whose death certificates list COVID-19 disease or SARS-CoV2 as a cause of death or a significant condition contributing to death. \*\**
