**COVID-19 Update April 9, 2020:** As of April 09, 2020, a total of 9784 laboratory-confirmed cases of COVID-19 have been reported among Connecticut residents (Figure 1). One thousand four hundred sixty-four patients are currently hospitalized. There have been 380 laboratory-confirmed COVID-19-associated deaths.

Day-to-day changes reflect newly reported cases, deaths, and tests that occurred over the last several days to week. All data in this report are preliminary; data for previous dates will be updated as new reports are received and data errors are corrected. Hospitalization data were collected by the Connecticut Hospital Association. Deaths\* reported to either the OCME or DPH are included in the daily COVID-19 update.
